

Together.
On your hearing journey.

PHONAK
life is on

Relationships • A voice can be deeply moving, conveying thoughts, emotions and feelings. Every spoken word consists of sounds and tones which create understanding and enable us to build and maintain relationships.

The leading global hearing healthcare company

Over six decades, our experts in acoustics, audiology and hearing technology have collaborated with hearing care professionals and leading clinical researchers to form a very important partnership. Thanks to this collaboration we have produced unique technological advances that allowed us to significantly improve the quality of life for millions of people around the world.

With Phonak, the global leader in hearing technology, and your hearing care professional you are in the best hands on your journey to better hearing.

Understanding • We never stop learning from our experience. Combined with continuous research we aim to understand what truly matters to people with hearing loss. This allows us to create technology that adds a meaningful difference to your life.

Everything we do is intended to fulfill your expectation for not just better hearing, but better understanding in even the most challenging listening situations.

With every step, we are opening more doors to the soundscapes of your life.

Award-winning, cutting edge design for cosmetic appeal.

Quality – Premium quality for superior performance and reliability.

Global network

Through our global presence and network of local partners in over 100 countries we reach out to enhance the quality of life for people with hearing loss.

Committed to hearing

Hearing

Phonak is a leading global provider of innovative hearing solutions. The great variety of our products offer a suitable hearing aid for all individuals, regardless of age or degree of hearing loss.

Connecting

Phonak offers wireless solutions for virtually limitless access to the world of communication.

Be it connecting to today's interactive world of mobile phones, TVs, computers and MP3 players, learning in noisy school environments or communication for security services, sports events and the entertainment industry, Phonak technology connects voices.

Protecting

Hearing is paramount in our world and we are serious about protecting those exposed to excessive noise at the workplace with sophisticated products.

Helping

The Hear the World Foundation campaigns for equality and opportunity for those who live with hearing loss. Special funding is provided for projects worldwide, supporting children to allow them to develop and learn.
