

Rediscover the wonder of sound

Phonak Audéo™ Paradise

There's nothing like
the sound of Paradise

Rediscover the wonder of sound in even more listening situations

Phonak Audéo Paradise hearing aids are capable of keeping up with the demands of today's ever changing world. They provide you with a possibility to improve your hearing which can have a direct impact on the way you feel and ultimately, the quality of your life.

Designed with your well-being in mind, Paradise gives you the confidence of knowing that you've got a hearing aid that will help you communicate with friends, family and colleagues. Whether you're chatting on the phone or having a conversation from a safe distance, Paradise delivers an unrivalled hearing experience¹ in even more listening situations.

Rediscover the wonder of sound while staying connected socially and thriving mentally and emotionally. After all, well-hearing is well-being, because when you hear well, you're equipped to embrace and live the life you really want.

¹ Compared to Phonak Audéo Marvel

Performance and comfort together like never before

Being able to hear well adds to our sense of connection and engagement which ultimately contributes to our overall well-being. Paradise draws inspiration from nature with the intention of creating a hearing aid that allows you to enjoy the wonders of the world as they should be heard.

In order to facilitate this natural hearing experience, Paradise features the revolutionary new ActiveVent™ Receiver – a hearing aid speaker that combines comfort and hearing performance like never before. ActiveVent attaches to your rechargeable Audéo Paradise hearing aids. It blocks out noise in loud environments to optimise hearing in these challenging situations, while providing you with a comfortable and natural listening experience in quiet.⁶

Superior sound quality for streaming media allows you to listen to your favourite music or watch your favourite TV show.⁷

It is designed for challenging listening environments or for moments of focus and is intelligently controlled by AutoSense OS™ 4.0 – automatically adjusting your hearing aids to suit the environment.

⁷ Compared to a conventional acoustic coupling in quiet

Connects to smartphones, TV and more

All Phonak Paradise hearing aids connect directly to your iOS®, Android™ or other Bluetooth-enabled devices so you can stream audio directly into both ears.

Multiple Bluetooth connections

Enjoy even more connectivity because Paradise allows you to be simultaneously paired to eight and connected to two Bluetooth-enabled devices and seamlessly alternate between the two. Having more connections is even more convenient, especially in today's virtually connected world.

And because of AutoSense OS 4.0, our automatic operating system, Paradise can distinguish between streamed speech and music, so you can enjoy excellent sound quality⁸ for more joy of listening.

Tap Control for easy access to Bluetooth functionalities

By simply tapping your ear, you can take phone calls, pause and resume streamed music and activate voice assistant apps. A motion sensor in the rechargeable* Audéo P model enables this functionality. To even further personalise your hearing experience, the sensitivity of Tap Control** can be adjusted to your needs.

To complement Tap Control**, your Paradise hearing aids utilise the built-in microphone to allow you to enjoy truly hands-free phone calls.

* Available in 50, 70 and 90 levels

** Available in 70 and 90 levels

Empowering smart apps

It's not just another app – it's the smart way to control your Phonak Audéo Paradise hearing aids, access useful features and personalise your settings. Download the **myPhonak app** (Google Play or App Store) and get the most out of your hearing aids. Here's a glimpse of what is possible...

Remote Control

Allows you to adjust and control your hearing aids in real time. Imagine the convenience of being able to adjust the level of a dedicated noise cancellation feature to make it easier to have a conversation with a friend in a noisy restaurant. You can also configure Tap Control* to your preference.

Remote Support**

Allows your hearing care professional to fit and adjust your hearing aids in real time. This is helpful in situations where you can't make it for a personal consultation or simply want your hearing care professional to optimise your hearing aids in real-life situations and not in the clinic alone.

Hearing Diary***

Keeps track of your hearing experience and allows you to share feedback with your hearing care professional. In addition, you and a partner can perform certain tasks to learn more about your hearing aid and get accustomed to it in different listening situations.

* Tap Control is available in 70 and 90 level rechargeable Audéo Paradise models.

** Available in selected markets only.

You're in charge!

Paradise rechargeable hearing aids are quick to charge and long-lasting; the perfect companion if you're looking for a hearing solution without battery hassles. Choose from a selection of charging cases to keep your hearing aids charged wherever you go!

Phonak Charger Case Combi

The Phonak Charger Case Combi is a charger and protective hard case in one. For charging rechargeable hearing aids on the go, the Phonak Power Pack can be easily attached to the bottom of the Phonak Charger Case Combi.

Phonak Charge and Care

A charger that dries hearing aids with active ventilated air flow and treats hearing aids with UV light.

life is on

At Phonak, we believe that well-hearing equates to well-being and is essential to living life to the fullest. For more than 70 years, we have remained passionate about creating a world where 'life is on' for everyone. Our innovative hearing solutions are designed for people of all ages and all degrees of hearing loss, to connect socially, thrive mentally and emotionally.
