

Discover the wonder of sound

**Phonak Audéo™ Paradise**

There's nothing like  
the sound of Paradise

A Sonova brand

**PHONAK**  
life is on

# The wonder of sound

**Phonak Audéo Paradise is a true wonder of sound.**

When creating our latest hearing solution, we turned to nature for inspiration.

Nature is the source of so many sounds that can soothe, relax and comfort us. We regard hearing as being something that we naturally do. Having the ability to hear is such an intricate part of our existence and fundamental for our overall well-being. What better way to rediscover sound than with a hearing aid inspired by nature itself? After all, **there's nothing like the sound of Paradise.**

# An unrivalled hearing experience

Phonak Audéo Paradise is a result of decades of technological expertise, innovation and unwavering passion.

It embodies our drive and determination to develop a hearing aid that we believe is the best possible solution for hearing aid wearers.

To achieve this, we took our learnings from its predecessor, our best-selling hearing aid; and made **Phonak Paradise even better.**

Comprised of all new hardware, Paradise takes hearing performance to the next level with several new features. The result?

## A hearing aid that delivers an unrivalled hearing experience:

- Crisp, natural sound
- Brilliant speech understanding
- Personalised noise cancelling
- Empowering smart apps
- Made for all connectivity; connects to smartphones, TV and more
- New Tap Control for easy access to Bluetooth® functionalities

## Crisp, natural sound

Our ability to hear all the nuances of our sound environment is such an integral part of our existence. Being able to hear well adds to our sense of connection and engagement, which ultimately contributes to our overall well-being.

The way we hear is a complex process – a real wonder of nature. It starts at the cochlea, where the sound is first perceived and finishes at the brain, where we experience the sound.

We have taken nature as inspiration when creating Audéo Paradise. Our intention is simple – to create a hearing aid that delivers crisp, natural sound for you to enjoy the wonders of the world as they should be heard.

# Brilliant speech understanding

Understanding someone who is speaking softly or speaking from a distance in a quiet environment is challenging. Phonak Audéo Paradise approaches this challenge by boosting soft-level speech with an innovative feature called Speech Enhancer. Rediscover the joy of communicating with friends, colleagues or loved ones.

# Personalised noise cancelling

How much effort does it take to follow a conversation when speech is coming from the front and noise from the side and back? This can often vary depending on the type of room you are in, or even how you feel at the time. The myPhonak 4.0 app allows you to make the most of your Paradise hearing aids. It offers various controls and functionalities that allow you to personalise the hearing aid settings in real time.

Restaurant too noisy?

Not a problem, just increase the noise cancellation strength for comfort.

## Empowering smart apps

It's not just another app – it's the smart way to control your Phonak Paradise hearing aids, access useful features and personalise your settings. Download the **myPhonak app** (Google Play or App Store) and get the most out of your hearing aids. Here's a glimpse of what is possible...

**Remote Control** allows you to adjust and control your hearing aids in real time. Imagine the convenience of being able to adjust the level of the Dynamic Noise Cancellation to make it easier to have a conversation with a friend in a noisy restaurant. You can also configure Tap Control to your preference.

**Remote Support** allows your hearing care professional to fit and adjust your hearing aids in real time. This is helpful in situations where you can't make it for a personal consultation or simply want your hearing care professional to optimise your hearing aids in real-life situations and not in the clinic alone.

**Hearing Diary\*** keeps track of your hearing experience and allows you to share feedback with your hearing care professional. In addition, you and a partner can perform certain tasks to learn more about your hearing aid and get accustomed to it in different listening situations.

\* Visit [www.phonak.com/myphonak-app](http://www.phonak.com/myphonak-app) to learn more. Only applicable by a user's own permission.

# Connects to smartphones, TV and more

## Made for all

Phonak Paradise connects directly to your iOS®, Android™ or other Bluetooth-enabled devices so you can stream audio directly to your hearing aids.

## Multiple Bluetooth connections

Additionally, you can enjoy even more connectivity because Paradise devices can be simultaneously connected to two Bluetooth-enabled devices (e.g. a smartphone and tablet) and store up to a total of eight Bluetooth device pairings. Having more connections and pairings available is an added convenience, especially in today's virtually connected world.

**Paradise also features AirStream™ technology** that supports accessories such as the Phonak TV Connector for direct streaming from any TV or entertainment system. In addition, because Paradise can distinguish between streamed speech and music, you can enjoy excellent sound quality for more joy of listening.

# New Tap Control for easy access to Bluetooth functionalities

Imagine this ... just by tapping your ear, you can handle phone calls, music streaming or voice assistants. A motion sensor in the hearing aid enables an effortless way to answer a phone call, to activate your voice assistant and to pause or continue music streaming.

To complement the Tap Control, Paradise utilises the built-in microphone to allow you to enjoy true hands-free phone calls and voice assistant activation.

# A piece of Paradise for you

Personalise your Paradise with a choice of seven colours; and rechargeable and non-rechargeable options.

## Housing colours

**P1**  
Sand Beige

**HO**  
Beige

**P8**  
Velvet Black

Paradise rechargeable hearing aids are quick to charge and long lasting; the perfect companion if you're constantly on the go. Keep them charged and never worry about batteries again.

### **Phonak Mini Charger Case**

The Phonak Mini Charger Case, with standard USB-C charging outlet, is a compact charger for two hearing aids.

### **Phonak Charger Case Combi**

The Phonak Charger Case Combi is a charger and protective hard case in one.

### **Phonak Power Pack**

To charge rechargeable hearing aids on the go, the Phonak Power Pack can be easily attached to the bottom of the Phonak Charger Case Combi.

### **Phonak Charger BTE RIC**

This charger is suitable for all Paradise rechargeable BTE and RIC hearing aids. It features a holding space for large earmoulds, a USB-C charging inlet and an indicator light.

Take the first  
step to improve  
your overall  
well-being with  
Phonak Paradise

<sup>1</sup> Vercammen, C., Ferguson, M., Kramer, S.E., Meis, M., Singh, G., Timmer, B., Gagné, J.-P., Goy, H., Hickson, L., Holube, I., Launer, S., Lemke, U., Naylor, G., Picou, E., Scherpiet, S., Weinstein, B., & Pelosi, A. (2020). Well-Hearing is Well-Being: A Phonak Position Statement. *Hearing Review*, 27, 18-22.

When you hear well, you are well-equipped to embrace the life you want. Growing evidence shows that treating hearing loss can positively impact your social-emotional, cognitive and physical well-being.<sup>1</sup>

### **Social-emotional well-being**

Hearing well allows us to be socially active, connect with others and communicate effectively – without barriers.

### **Cognitive well-being**

The brain plays a crucial role in listening and speech understanding – it's important to keep it stimulated. That's where hearing aids come into play.

### **Physical well-being**

Hearing well provides you with greater environmental awareness, fostering feelings of security and confidence.

**There's nothing  
like the sound  
of Paradise**

# life is on

At Phonak, we believe that well-hearing equates to well-being and is essential to living life to the fullest. For more than 70 years, we have remained passionate about creating a world where 'life is on' for everyone. Our innovative hearing solutions are designed for people of all ages and all degrees of hearing loss, to connect socially, thrive mentally and emotionally.
