CROS I-R

Model	Order Reference Refer to colour chart	HSP Code	Battery Size	IP Rating	Compatibility
CROS I-R*	050-1043-xx	N0325CR	Rechargeable	IP68 ¹	Audéo I-R

* Noalink wireless essential for programming.

¹ IP68 indicates that the hearing aid is water resistant and dust tight. It survived continuous immersion in 1 metre of water for 60 minutes and 8 hours in a dust chamber as per the IEC60529 standard. No traces of dust were evident within the housing.

Key features

CROS I-R can be fitted with an Audéo I-R of any performance level. Therefore, the set of features that a client wearing a CROS I-R system will experience is mainly dependent on the performance level of the hearing aid worn on the ear with better hearing.

Phonak SmartSpeech™ Technology

In a CROS I-R system, clients can access relevant SmartSpeech Technology features including the StereoZoom 2.0 thanks to the combination with the compatible Phonak Inifino device.

CROS balance

The loudness ratio between the CROS device and the hearing aid can be adjusted either via Target fitting software or directly via a short press on the multi function button of the CROS device.

myPhonak

Clients fitted with a CROS I-R device and a compatible hearing aid can benefit from app support with myPhonak.

Charging option

Phonak Charger RIC I 075-0054-10

The Phonak Charger RIC I provides cable charging and is compatible with Audéo R Inifino and CROS Inifino. It offers magnetic retention of hearing instruments and magnetic closure of the lid.

Phonak ChargerGo RIC I 075-0055-10

The Phonak ChargerGo RIC I provides charging on the go for optimal convenience and peace of mind and is compatible with Audéo R Inifino and CROS Inifino. It offers magnetic retention of hearing instruments and magnetic closure of the lid.

¹ IP68 indicates that the hearing aid is water resistant and dust tight. It survived continuous immersion in 1 metre of water for 60 minutes and 8 hours in a dust chamber as per the IEC60529 standard. No traces of dust were evident within the housing.

CROS L performance

CROS L can be fit with an Audéo L-R, Audéo L-RT, Naída L-PR or Sky L-PR of any performance level. Therefore, the set of features that a client wearing a CROS L system will experience is mainly dependent on the performance level of the hearing aid worn on the ear with better hearing.

Phonak SmartSpeech™ Technology

In a CROS L system, clients can access relevant SmartSpeech Technology features including the StereoZoom 2.0 thanks to the combination with the compatible Phonak Lumity devices.

CROS balance

The loudness ratio between the CROS device and the hearing aid can be adjusted either via Target fitting software or directly via a short press on the multi function button of the CROS device.

myPhonak and myPhonak Junior

Clients fitted with a CROS L device and a compatible hearing aid can benefit from app support with myPhonak or myPhonak Junior.

Charging option

Phonak Charger Ease
075-0080-10

The charger solution for Audéo L-R/RT, Audéo L-R Fit and CROS L-R. Magnetic retention of devices and magnetic closure of lid for ease of use.

Hook Fit'nGo kit	054-0750	Sky V

- **HE 680 (Horn Effect 860 Ohm)** is an optimal tone hook and gives overall smoothing of the resonant peaks with minimal gain loss. Less suppression at 1000Hz is offered compared to the PD 1000.
- **HE (Horn Effect)** tone hooks provide extended high frequency delivery and are generally used as the standard hook on high gain models.
- **Mini Tone Hooks** offer the same acoustic characteristics as the standard range but are specially designed for users with small ears.
- Ear hooks with no numbers are undamped and the numbers refer to the amount of damping.
- CROS II Hook is used to attach a custom earmould with standard tubing to a CROS II-13 model only.

Policies and purchase conditions

Policies and purchase conditions

Price

The prices in this product catalogue are subject to change at the discretion of Phonak with or without notice to you. Hearing instruments are exempt from GST in Australia. The GST applicable for all other products are listed in the product catalogue. If GST is payable, it will be added to your Tax Invoice. A Tax Invoice will be emailed to the designated account email address.

Orders

Any order not accompanied by a current order form may experience delays in processing.

Orders can be emailed to orders@phonak.com.au using a current Phonak order form or ordered via eStore.

Product order forms can be requested via the above email address, by calling 1800 212 313 or by visiting the [Phonak Australia website](#).

Phonak takes all reasonable endeavours to meet your requested time frame for the delivery of orders once the order form is processed. The delivery time may be impacted if you do not complete the mandatory fields on the order form including but not limited to the 'Required By' section. Phonak will endeavour to deliver your orders to you by the times stipulated below. Note, these times exclude transit time.

eStore

To order online via the eStore visit Phonak Pro, select Store in the top banner and sign in with your PhonakPro ID. Available via this link [PhonakPro.com](#)

*General observations. If these turnaround times cannot be met, you will be contacted by Phonak Customer Care.

Phonak offers a 48hr express service for all repairs and new earmould and custom device orders (IIC orders and non-standard colours may require longer processing time). This service will carry a fee and must be requested at time of order (\$57.75 incl GST per order).

[^]If 'Required By' date is stipulated on your order form, your order will be dispatched to meet this date and as such, may not be released within the times stipulated in the table above.

Warranty

Hearing Instrument Warranty

Hearing instruments purchased from Phonak Australia are supplied with a local 3 year manufactures' warranty, covering manufacturing and material defects, commencing on the date of the original Tax Invoice. This warranty does not cover damage caused by improper handling, wax or moisture damage. Repairs made by unauthorised parties are not covered and will void the warranty.

Receivers purchased with, and at the time of hearing instrument order come with a 3 year manufacturers' warranty. Receivers purchased singularly, outside of hearing instrument warranty come with a 1 year manufacturers' warranty.

An additional one year local warranty (up to a maximum of 4 year warranty) is available to purchase within 90 days of the hearing instrument purchase for the charges indicated below.

Free-To-Client: \$89.50 per device (plus GST)

Top Up: \$168 per device (plus GST)

Earmoulds and any customised ear tips and / or shells on custom hearing instruments are supplied with a 90 day warranty, such that any ear mould / shell remakes with the same specifications, required within the first 3 months of invoice, will be made at no charge. Any remake that involves an alteration of the original order specification will incur a charge and is not covered by the warranty. All earmoulds are not returnable for credit.

Accessory Warranty

Remote Controls and Accessories are supplied with a 12 month limited manufacturers' warranty, covering manufacturing and material defects. Additional warranties are not available for accessories. Proof of purchase must be provided with claim.

Rechargeable cases are supplied with a 3 year manufacturer's warranty.

International Warranty

A 12 month international warranty is provided on all serialised Hearing Instruments, Audiometric equipment and Roger products which arise when the user is out of the original country of purchase. Warranty is valid on presentation of warranty card or invoice issued by authorised clinic.

Loss and damage

Phonak hearing instruments can be supplied with a one-time only loss and damage coverage for 12 months from the date of original invoice for fees indicated below. No substitutions accepted. A 'Loss or Damage Claim Form – Statutory Declaration' must be completed to claim a replacement and submitted to Phonak. One claim can be made per invoiced instrument that is damaged or lost within the first 12 months of the date of the original Tax Invoice. Subsequent loss or damage of the replacement instrument does not attract any coverage. The warranty duration of the originally supplied instrument is maintained (i.e. no new warranty is applied to the replacement device). Instruments replaced under loss and damage are not eligible for credit.

Loss and damage replacement fee

577.50 (incl GST)

Return for credit

Free-to-Client hearing instruments are accepted for exchange only within the 60 day exchange period from the date of invoice.

Free-to-client hearing instruments are not accepted for credit.

All Top-Up hearing instruments are accepted for return for credit within 90 days from the date of original invoice.

Batteries, Phonak D-Dry kits or consumable stock items are not returnable for credit or exchange.

All products exchanged or returned must be returned to Phonak in their original, undamaged packaging and accompanied with a completed Credit Return Request Form. Damaged or unusable packaging may incur a fee.

Payment terms

Payment terms are 30 days from the date of statement. Acceptable forms of payment include Direct Deposit (preferred), Visa and MasterCard.

Delivery

All orders, including accessories, under \$100 will incur a \$10.50 (plus GST) shipping fee.

Bulk orders may take longer to arrive and, at our discretion, may incur a delivery charge which will be at your expense.

An authorised signatory must sign for the products upon delivery. The products will only be delivered to your registered business address.

Service and repair charges

Cost and inclusions for repairs:

- (i) Clean & Check: Includes full clean, inside and out and a full check of the device performance performance. A clean and check charge is only applied if no fault is found with the devices.
- (ii) RIC & BTE repairs: Includes replacement of full electronic parts. An additional 12 months warranty is applied post chargeable repair.
- (iii) ITE Repairs: Includes repair or electronics. An additional 12 months warranty is applied post chargeable repair.
- (iv) ITE re-shell: Excludes repair of electronics. An additional 3 months remake warranty is applied post chargeable repair.

Hearing instrument repairs

Within the hearing instrument warranty period
(unless the damage is caused by improper handling, wax or moisture) No charge

Any unauthorised repairs made to the products will automatically void the warranty. A change in vent size, style, material, colour and/or customer damage to a remake order will be deemed a new order and applicable charges will apply. The GST payable will be added to the Tax Invoice.

Outside of the warranty period but less than 5 years old the following charges apply:

Clean and Check	\$89.50 (incl GST)
RIC/BTE/ITE repairs	\$194.50 (incl GST)
ITE re-shell	\$115.50 (incl GST)
ITE re-shell and repair	\$310 (incl GST)

Remakes

Custom shells – under a 90 day warranty	No charge
Custom shells – outside of warranty (classed as new order)	\$100 (incl GST)
SlimTips – outside of warranty (classed as new order)	\$37 (incl GST)
Earmould re-tubing	\$15.50 (incl GST)

Roger repairs

Roger receivers	\$105 (incl GST)
Roger transmitters	\$194 (incl GST)

Digital Wireless Accessories (DWA) repairs

Accessories (including remote controls)	\$194 incl GST
Battery replacements	\$52 incl GST

Please note:

- (a) All hearing instruments must be deemed serviceable or they will be considered Damaged Beyond Repair;
- (b) There is no guarantee that obsolete hearing instruments over 5 years old can be repaired, re-shelled or remade;
- (c) Repairs on custom instruments do not include custom shell; and
- (d) Replaced parts under any chargeable repair will receive 1 year warranty on those parts.

All repairs outside of warranty will automatically proceed without quoting and charged the fixed service price as selected on the Phonak Service form.

Trial instruments

All trial instruments include a 12 month warranty on the instrument and a complimentary clean and check available at anytime.

Please note:

- Every trial instrument receives a complimentary coupling option (receiver or tube/dome)
- No additional warranty available for purchase
- Trial orders are dispatched within standard BTE shipping lead times
- No exchange or return for credit
- No loss and damage policy
- No repair service outside of warranty period
- Firmware update will be completed on trial instruments if necessary

Sale of instruments

Phonak is not open to the public. Any requests for purchase or repair from a consumer will be redirected to an authorised health care professional. The Customer commits that all end user Hearing Instrument purchasers can obtain an in-person fitting with pre-audiological and post-audiological services provided by your company, unless such in-person fitting is not required per the product's instructions for use.

Privacy

By creating an account with Phonak you accept that Phonak will store your information. We recognise that your privacy and security are of the utmost importance and Phonak is committed to securing your personal information safely. If you have any questions/concerns about our [Privacy Policy](#) please contact us at privacy@sonova.com.
