

A circular image on the left side of the page shows two women walking through a market. The woman on the left is wearing a blue dress and holding a woven basket filled with fruit. The woman on the right is wearing a dark blue shirt and a light-colored skirt. They are both smiling and looking at each other. Overlaid on the image are several bright green, glowing sound waves that emanate from the right side and curve around the women, suggesting the presence of sound or hearing technology. The background of the image shows market stalls with various fruits and vegetables.
