Phonak sound technology

Terra+ does not compromise on delivering the sound that Phonak is known for.

The Terra+ family was designed using the same proven Phonak technology found in all our hearing aids. Like AutoSense OS™ 5.0, the orchestrator of Terra+, which adapts to different environments to help you focus on conversations.

With a robust and reliable design, you can expect quality sound for the long-term, and be confident when you put your Terra+ devices on your ears.

Universal connectivity

Embrace the power of connectivity and navigate your digital world with the help of Terra+. Connecting directly to **a multitude of Bluetooth® enabled devices**, stream phone calls, music, podcasts and more directly from your phone, laptop, or tablet. You don't have to choose between hearing the world around you or hearing your favourite media.

Enjoy seamless integration with your favourite gadgets and enhance your daily life with the convenience of the universal connectivity of Terra+.

Personalisation at your fingertips

Personalise your hearing experience with our free, easy-to-use smartphone app. **myPhonak** is designed to help you get the most out of your Terra+ hearing aids.

myPhonak empowers you to take control of your hearing health with personalisation like volume control, and remote support allows you to connect to your hearing care professional so they can make real-time adjustments to your Terra+ hearing aids.

Phonak accessories compatible with Terra+

Staying connected is part of our everyday lives. Phonak Terra+ has been designed to effortlessly keep you connected.
