

PHONAK

Audéo EON R and CROS EON R

Clarity you hear.
Connection you feel.

EON

Clarity you hear.
Connection you feel.

Phonak Audéo™ EON R delivers sound with automatic adaptation powered by AutoSense OS™ AI. Made for All connectivity keeps you connected to the moments that matter.

Paired with CROS EON R, it brings sound from your unaidable ear directly to your better-hearing ear for seamless connection.

Clarity That Speaks for Itself

Phonak hearing aids are powered by AI and made for living, adapting seamlessly to your surroundings to keep you connected all day.

With the latest Phonak EON hearing aids, you benefit from:

- **Clarity that moves with you automatically¹**
- **Easier conversations start now.** Listen easier^{*2} with premium technology designed for real life
- **Our most natural sound available.³** Like a hearing aid is meant to sound

* Speech Enhancer compared to Speech Enhancer off, moderate to severe hearing losses

³ Vaisberg, J., Brunner, J., & Ulloa-Sanchez, D. (2026). Hearing confidently in wind: WindBlock 2.0 delivers comfort, natural sound quality and clearer speech. Phonak Field Study News retrieved from www.phonak.com/evidence

Unlimited Connections. Seamless Listening.

Be More Connected Than Before

Stay connected with Phonak EON hearing aids. Stream music, take calls or enjoy Auracast™ broadcast audio seamlessly across phones, TVs and public venues directly through your hearing aids.

Phonak EON Made For All connectivity ensures seamless connection to your phone, broadcast or audio stream with a wide range of compatibility. Whether streaming music or joining calls, it keeps you connected to the sounds that matter.

Experience the Front Row With Auracast™ Broadcast Audio

Auracast™ broadcast audio is a Bluetooth® LE Audio broadcast found in places like theaters, museums, lecture halls and gyms, streaming performances, tours and announcements directly to you.

How to Join a Broadcast

Join broadcasts easily by scanning a QR code with the myPhonak app or using a compatible smartphone with Auracast™ assistants. Audio streams straight to your hearing aids for an immersive listening experience.

Meet the New Phonak EON

Audéo EON R

The Audéo R is a rechargeable receiver-in-canal solution for people with mild to profound hearing loss. It offers clarity that moves with you automatically,¹ and Made for All connectivity, including Auracast™ broadcast audio.

CROS EON R

Specifically designed for people with unaidable hearing loss on one side, CROS technology transmits sound wirelessly from the unaidable ear to the better-hearing ear, helping you stay engaged in the conversation without compromise.

Compatibility note: For those experiencing unaidable hearing loss on one side, Audéo EON R pairs seamlessly with CROS EON R as part of an integrated solution.

Battery

Power that keeps up with you — reliable all-day battery life means you can focus on living without interruption.

- Audéo EON R: Up to 38-hour battery life*
- CROS EON R: Up to 20-hour battery life*

* The maximum battery runtime is determined by battery condition, hearing loss, environmental sound classification, streaming usage and activated feature set.

At Phonak, we see technology as an enabler of life, not the focus of it.

Since 1947, we have advanced hearing technology to help people stay connected to what matters most: the people, moments and experiences that shape our lives.

Today, we bring together Swiss-engineered performance, a seamless connected hearing experience and purposeful design to create hearing solutions built for where life happens.

So, you can stay confident, connected and fully in it.

Life is on.
Phonak is made for it.
