

PHONAK

Audéo EON
Connectivity.

EON

With Made for All connectivity, Phonak Audéo™ EON connects virtually to any phone and private or public broadcast seamlessly.

Powered by the ultra-responsive ERA chip, Audéo EON allows you to experience virtually unlimited connections to virtually anything that can stream.

Stream Audio and Phone Calls

Whether you're enjoying music, taking calls or watching a movie, we've got you covered with seamless connectivity to virtually all your Bluetooth® wireless technology enabled devices, including smartphones. Utilising the most stable and widely adopted Bluetooth® classic protocol, Audéo EON offers you:

- Direct streaming of music, phone calls and voice assistant activation
- Compatibility with both iOS® and Android™ devices — past, present and future — as well as basic phones and other devices, like PCs, tablets and gaming consoles
- The ability to maintain two active connections simultaneously
- It recognises whether you're listening to speech or music and automatically adjusts to optimise the sound experience

Control Your Hearing Aids With myPhonak

With Audéo EON and one-step pairing,
open a world of adjustments via myPhonak.

- Personalise your listening experience
- Check hearing aid battery status
- Access Remote Support
- Find My Hearing Aid feature

Auracast™ Broadcast Audio

Stay immersed in the moment with Auracast™ broadcast audio. Audéo EON provides the most stable Auracast™ broadcast audio signal on the market compared to three other hearing aids offering Auracast™ solutions.*² Auracast™ broadcast audio is a new Bluetooth® feature that lets you stream audio directly from public venues, museums, theaters and gyms, when available. Simply connect using the integrated broadcast assistant on compatible smartphones or scan the QR code with the myPhonak app to join an Auracast™ broadcast audio.

* Stability measured at various head orientations relative to the Auracast™ transmitter.

At Phonak, we see technology as an enabler of life, not the focus of it.

Since 1947, we have advanced hearing technology to help people stay connected to what matters most: the people, moments and experiences that shape our lives.

Today, we bring together Swiss-engineered performance, a seamless connected hearing experience and purposeful design to create hearing solutions built for where life happens.

So, you can stay confident, connected and fully in it.

Life is on.
Phonak is made for it.
