Clarity That Speaks for Itself

Redefining What a Hearing Aid Can Do for You

Our unique, patented AI technology reduces distractions from all around² in real-time, so you can hear the voices that matter most with less listening effort.³ It has been redesigned to be smaller than ever, and powerful beyond belief.

Technology That Works for You

Phonak AI does the heavy lifting, so you don't have to.*^{3,4} EON automatically brings out the texture of life and the details that turn hearing into meaning. With this latest innovation, you can forget about the device and remember the moment.

Because Every Word Counts

With Spheric Speech Clarity you're up to 2x more likely to understand every word from any direction.**³ This is premium technology designed for real life.

Our Most Natural Sound Available⁵

Phonak Audéo EON Sphere blends features seamlessly so you can experience a seamless adaptation throughout your day.

* Phonak AI activates features and functions that are proven to improve speech understanding and reduce listening effort, such as Spheric Speech Clarity and Speech Enhancer

At Phonak, we see technology as an enabler of life, not the focus of it.

Since 1947, we have advanced hearing technology to help people stay connected to what matters most: the people, moments and experiences that shape our lives.

Today, we bring together Swiss-engineered performance, a seamless connected hearing experience and purposeful design to create hearing solutions built for where life happens.

So, you can stay confident, connected and fully in it.

**Life is on.
Phonak is made for it.**
